
MEMBERS and VISITORS

The courts, and therefore the available playing time, are a finite resource which needs to be managed! It is expressly for this reason that the courts are reserved for Members, League, arranged Coaching and Tournaments only.

Occasional Guests and Visitors are permitted with restrictions as stipulated below.

Our Membership fees are exceptionally reasonable and we would not unreasonably refuse membership to any person. The club does allow non-members, known as visitors to play under the following restrictions:

- With a Member: A non-member who has been invited by a member to play a game of squash.
- Without a Member: A non-member, who plays on their own or against another visitor.

UNACCEPTABLE PRACTICES:

The following practices are unacceptable. Any member caught transgressing will face disciplinary action by the Committee which may result in expulsion from the Club.

1. **Incorrect Shoes**

Only official, non-marking or gum soled squash shoes are allowed. No black soles or any other form of shoe is permissible. Members or visitors associated with a member found with the incorrect shoes will be asked to vacate the club immediately and the member may be subject to a R1,000 fine and a 1-month suspension from any participation at the club.

2. **Old equipment**

It is the responsibility of all players to ensure that any equipment used will not harm or damage any other member or club facilities e.g. old flaky grips. Any member or visitor associated with a member found with old equipment that may cause damage will be asked to vacate the court immediately and the member may be subject to a R1,000 fine and a 1-month suspension from any participation at the club.

3. **Inviting the same visitor on a regular basis**

By regular we mean more than once a month. If a person is playing regularly at the club, they should become a member regardless if they are members elsewhere.

4. **Playing with more than one visitor at a time**

You can only play one visitor at a time and therefore by having two visitors in one session it will mean that for a period the visitors will be playing each other with is unacceptable.

5. **Inviting two different guests in a month**

As a member you should be encouraging players to join the club and not providing non-members with a "free membership". This is to prevent groups of members rotating guests.

6. **Playing with your spouse or children who are not members**

Spouses and children are regarded by the club as visitors and are therefore subject to the aforementioned rules.

7. **Evading the visitors fee by using a second member's card or allowing a visitor to use your or any other members card and pin**

8. **Allowing the same visitor to play more than 5 times in a rolling calendar year**

Again, if they want to play regularly, they should be a member.

MEMBERS RESPONSIBILITY:

It is in the interest of every member to prevent any abuse of the Club and its facilities because in doing so you are protecting your own rights as a member. This includes the correct equipment.

The club relies on the honesty and integrity of its members to adhere to these regulations. If the regulations continue to be abused the Club will be forced to introduce measures, which will increase costs and inconvenience to members, in an effort to prevent abuse.
